

Air Canada Component of CUPE

DELIVERED VIA EMAIL

August 31, 2026

Marsha Walters
CFAU President

Dear Ms. Walters,

Solidarity and Support for CFAU Members!

On behalf of the Air Canada Component of the Canadian Union of Public Employees (CUPE), representing 10,194 Flight Attendants at Air Canada and Air Canada Rouge, we wish to extend our solidarity and support to the members, of the Canadian Flight Attendants Union (CFAU) as you continue through your collective bargaining process.

We recognize the significance of a strike vote taken by your membership. A strong strike mandate sends a clear message to the employer that members are united behind their Bargaining Committee and are prepared to stand together in pursuit of a fair and respectful collective agreement.

Our members understand firsthand the determination and solidarity required during difficult rounds of bargaining. The decision to take a strike vote is never made lightly, but the ability of workers to exercise their collective strength is a fundamental part of the bargaining process. When Flight Attendants stand together, speak with one voice, and support those representing them at the bargaining table, that solidarity can be a powerful force for meaningful change.

Please know that the Air Canada Component of CUPE stands in solidarity with CFAU members as you continue at the bargaining table. We wish your Bargaining Committee strength and success in achieving a collective agreement that recognizes the contributions, professionalism, and value of your members.

In solidarity,
